📄 PROFILE

Software Developer with 5+ years of experience in the whole SD Lifecycle. I'm a fast learner and I like to learn different technologies to know the best tool for the job. I'm creative and I can think out of the box. I tend to find practical solutions to problems and avoid over-engineering them. I'm very committed to the projects I work on, I deliver on time and with quality. I wish to get certified in the technologies I work with which will allow me to tackle problems in the best way possible.

“Goals are dreams with deadlines.”
